PART I FORENSIC MEDICINE	
Section 1: General Aspects	5–159
1. Introduction and Legal Procedure	5
2. Medical Law and Ethics	26
3. Identification	59
4. Mass Disaster	118
5. Medicolegal Autopsy	119
6. Examination of Decomposed Bodies, Mutilated Bodies, Fragmentary Remains and Bones	151
7. Exhumation	158
Section 2: Thanatology	161–203
8. Thanatology, Death and Its Causes	162
9. Signs of Death and Changes Following Death	173
10. Artifacts	200
Section 3: Injuries and their Significance	205–364
11. Injuries: Classification and Medicolegal Aspects	206
12. Mechanical Injuries	232
13. Firearm Injuries	255
14. Thermal Injuries	299
15. Explosion Injuries	311
16. Electrical Injuries, Atmospheric Lightning, Radiation Injury	316
17. Regional Injuries	324
18. Traffic Accidents	355
Section 4: Deaths from Other Causes	365–416
19. Asphyxia	366
20. Starvation	405
21. Deaths Associated with Anaesthesia and Surgery	408
22. Deaths Due to Cold and Heat	412

Section 5: Medicolegal Aspects Relating to Sex and Marriage	417–488
23. Impotence and Sterility	418
24. Virginity, Pregnancy and Delivery	427
25. Sexual Offences	440
26. Abortion	464
27. Infant Deaths Including Battered Baby Syndrome	474
Section 6: Forensic Psychiatry	489–504
28. Forensic Psychiatry	490
Section 7: Forensic Science	505–539
29. Blood and Biological Stains	506
30. Forensic Science Laboratory	533
PART II TOXICOLOGY	
Section 8: General Principles Relating to Poisons	543–580
31. Introduction, Classification of Poisons, Law Relating to Poisons and General Considerations	544
32. General Principles of Management	568
Section 9: Corrosive Poisons	581–592
33. Corrosives	582
Section 10: Irritant Poisons	593–663
34. Non-Metallic Irritants and Mechanical Irritants	594
35. Agricultural Poisons	598
36. Metallic Irritants	613
37. Vegetable Poisons	631
38. Animal Poisons	639
39. Food Poisoning and Poisonous Foods	655
Section 11: Poisons Acting on the Brain and Spinal Cord	665–709
40. CNS Depressants	666
41. Deliriant Poisons	696
42. Spinal and Peripheral Nerve Poisons	706
Section 12: Poisons Acting on Other Parts of the Body	711–751
43. Cardiac Poisons	712
44. Asphyxiants and Toxic Gases	720
45. Pharmaceutical Toxicology	733
46. Drug Dependence and Abuse	737
47. Miscellaneous Poisons	750
Appendix	752
Index	790
